Gallery

Print PVC wall cladding laminated with a hard-wearing scratch-resistant coating for protection.

Ref:

Size:

Gallery sheet **T10 / 14** _____ **2440** x 1220 x 2.5

How to order Gallery

Required info:

- Size of the wall
- High artwork
- Preferred installation date

To ensure the image looks its best, supplied artwork must be a minimum of 150 dpi (ideally 400 dpi) when used actual size. The colour ideally needs to be set to CMYK. Accepted formats are JPEG, TIFF, PDF, SVG, EPS, PSD and PNG.

1. Send the artwork in a high resolution format and the dimensions of the wall area.
2. We will return a proof, showing how the sections of the image will be printed along with an Order Acknowledgment.
3. Confirm the design meets expectations by signing the Order Acknowledgement and returning it to us.
4. The Trovex Gallery product will be delivered as per the dates on the Order Acknowledgement.

Trovex reserves the right to refuse printing of inappropriate or low resolution images.

Do you have any questions?
